

## **'poxoq for patents' newsletter / 1.3.2018**

Dear 'poxoq for patents' users

As announced with our last [newsletter](#), we have decided, ten years after the first 'poxoq for patents' release, to introduce a software license fee.

With immediate effect, a license will be needed to be able to use 'poxoq for patents' in its full extent.

'poxoq for patents' is installed with an 'evaluation license', giving access to all features and functions, limiting, however, the download to 10 pages per PDF document. For unlimited download, you will need a 'standard license'.

In order to facilitate the transition and to give you the necessary time to purchase a standard license, the evaluation license of your installation will allow unlimited download until March 15<sup>th</sup>, 2018. After this date, an unlimited download will only be possible with a standard license.

You will find all the information concerning the new licensing procedure on our [website](#).

Kind regards

Your poxoq team
